THE MARSHMALLOW OVERCOAT continues to help shape and change the course of garage and psychedelic music, spearheading the underground garage music revival of the 1980s all the way through the new millennium to today. Their 25+ year legacy is celebrated now with their first-ever definitive best of 2-LP vinyl collection.

Since 1986 THE MARSHMALLOW OVERCOAT has toured the globe, been on MTV, and recorded classic indie albums and singles. This new 2-LP vinyl set will make their unique sound available on vinyl for a whole new generation of garage music lovers.

From 1966-styled fuzz garage, to 12-string jangle, to all-out psych mayhem, this 2-LP 28-song set showcases the garage masters’ very best, including new re-mixes and seven songs never available before on vinyl.

Fan favorite songs include 13 Ghosts, Psilocybic Mind, The Knights of Fuzz, The Mummy, Suddenly Sunday, Fly Away, Santa Fuzz, Beverly Pepper, The Light Show and many, many more (on the 2-LP set in chronological order, from earliest to most recent).

All the band’s albums are represented: The Inner Groove, Try On..., Beverly Pepper, Three Chords & A Cloud of Dust!, A Touch Of Evil, Fuzz, Screams & Tambourines, and The Light Show — plus 45s, EPs, compilation appearances and rare tracks.

New songs include the blistering fuzz monster Your Love and the epic psych-fest The Beyond. This is truly the “very best of.”
